**A. Personal Statement** (required) Describe why you are suited for this role

I am an educator, public health professional, and registered nurse with experience in community health, acute care, integrative nursing, and curriculum design. I enjoy working on scholarly projects related to wellness and the wellbeing of healthcare providers across disciplines. My experience and passions for preventative health, health promotion, public health, integrative health practices, and dedication to education has prepared me for this role. I have a strong interest in supporting future primary care providers and supporting the nurses who currently serve as preceptors at primary care clinical locations.
