

Jennifer Skougard Horne

LEGAL EXPERIENCE

Holland & Hart LLP, Salt Lake City, UT

Attorney, Commercial & Environmental Litigation, Environmental Compliance, March 2013 to present

Complex contractual disputes in commercial and environmental litigation; environmental due diligence, regulation, and permitting.

Representative Litigation Matters:

- Represented energy companies and municipality in \$18 million contract dispute in federal district court arising from environmental remediation conducted pursuant to an administrative order on consent with the U.S. Environmental Protection Agency;
- Defended construction company and real estate developer in breach of contract disputes with service providers;
- Represented international waste processing and disposal company in appeal of notice of violation of groundwater permit issued by Utah Department of Environmental Quality;
- Advised national infrastructure construction and maintenance company on antitrust issues in \$40 million asset purchase and exchange transaction;
- Managed discovery process in state and federal multi-party litigation.

Representative Environmental & Energy Matters:

- Assisted in obtaining environmental permits for development of a 57 MW wind energy generation project in Bonneville County, Idaho;
- Helped draft environmental lending policy for major regional bank with 650 branches in 7 states;
- Represented real estate development company in negotiating and implementing administrative settlement agreement concerning remediation of property impacted by historic mining activities;
- Evaluated Phase I Environmental Site Assessments for approximately 150 service stations located in California, Colorado, Nevada, Oregon, and Washington serving as collateral in a loan transaction.
- Advised owner of contaminated property on environmental insurance issues, including historic general liability policies.
