## EDUCATION

---

Doctorate	<b>Doctor of Philosophy in Exercise Science</b> (August 2007 –May 2012). University of South Carolina, Columbia, SC
Masters	<b>Master of Science in Health Science</b> (August 2005 – July 2007). Ball State University, Muncie, IN <b>Master of Arts in Applied Gerontology</b> (August 2005 – July 2007). Ball State University, Muncie, IN <b>Master of Science in Exercise Nutrition</b> (March 2003 – February 2005). Kyungpook National University, Daegu, South Korea
Undergraduate	<b>Bachelors of Physical Education</b> (Graduated March 2003). Kyungpook National University, Daegu, South Korea

## AWARDS AND HONORS

---

Scholarship	<ul style="list-style-type: none"><li>• <b>Master’s Research Scholarship</b>, Kyungpook National University, March 2003 –December 2005</li><li>• <b>Undergraduate Students Scholarship</b>, Kyungpook National University, March 1996 –December 2002</li></ul>
Awards	<ul style="list-style-type: none"><li>• <b>Children and Families SIG Abstract Award (Finalist)</b>, International Society of Behavioral Nutrition and Physical Activity, June 2018</li><li>• <b>High Scoring ePoster Oral Presentation</b>, International Society of Physical Activity and Health Congress, October 2018</li><li>• <b>Physical Activity and Public Health Course Fellow</b>, CDC/University of South Carolina, September 2016</li><li>• <b>Exceptional Contributions as an Emerging Researcher</b>, College of Human Development and Education, North Dakota State University, May 2015</li><li>• <b>Karen Hornbostel Memorial Award</b>, American College of Sports Medicine, Cancer Interest Group, June 2010</li></ul>

## RESEARCH INTERESTS

---

- Physical activity, fitness, and sedentary behavior in relation to metabolic risk factors, obesity and other health outcomes
- Physical and social environments in relation to physical activity and sedentary behavior
- Interventions to promote physical activity and reduce sedentary behavior
- Measurements of physical activity and sedentary behavior

---

## RESEARCH AND TEACHING EXPERIENCE

---

Associate Professor                      Health and Kinesiology  
University of Utah, August 2022 - present

Assistant Professor                      Health and Kinesiology  
University of Utah, August 2017 - 2022

Health, Nutrition, and Exercise Sciences  
Department of Public Health  
North Dakota State University, August 2013 – July 2017

Clinical Assistant Professor          School of Physical Education, Sport, and Exercise Science,  
Human Performance Laboratory, Clinical Exercise Program,  
Ball State University, June 2012 – July 2013

Research Assistant                      **Arnold School of Public Health, Exercise Science,  
University of South Carolina, August 2007 – May 2012**  
Children's Activity and Movement in Preschool Study  
(CHAMPS), NIH R01 grant (Role: RA, PI: Dr. Russell Pate)

- Cross-sectional study involving preschool children to determine physical and social environmental factors associated with physical activity levels

Study of Health and Activity in Preschool Environments Study  
(SHAPES), NIH R01 grant (Role: RA, PI: Dr. Russell Pate)

- Preschool-based intervention study to increase physical activity and decrease sedentary behavior of preschool children (4-yrs-old)

Transitions and Activity Changes in Kids Study (TRACK), NIH  
R01 grant (Role: RA, PI: Dr. Russell Pate)

- Longitudinal observational study to examine the factors influencing changes in physical activity in children as they transition from elementary to middle school

Pedometer Validation Study (Role: RA, PI: Dr. Michael Beets)

- Field-based study (YMCA) to determine if a pedometer, using a 120 step.min<sup>-1</sup> threshold, provides a valid measure of moderate-to-vigorous physical activity

**Exercise Physiology Laboratory, Kyoungpook National University, March 2003 – December 2005**

Influence of BCAA Administration on Plasma Content and CNS Fatigue during Exercise in Rats (Role: PI)

- Animal study to investigate the effect BCAA administration on plasma content and CNS fatigue during exercise

Teaching Experience

**Health and Kinesiology, University of Utah, August 2017 – present**

- KINES 3670 – Physical Activity Epidemiology
- KINES 7102 – Introduction to Research Methods
- HKR 6800 – Trends & Issues in HK
- KINES 7920 – Independent Study/Research PhD

**Health, Nutrition, and Exercise Science, Department of Public Health, North Dakota State University, August 2013 – May 2017**

- HNES 727 – Physical Activity Epidemiology (**MPH core course**)
- HNES 754 – Assessment in Nutrition and Exercise Science (**MPH elective course**)
- HNES 743 – Obesity Across Lifespan
- HNES 375 – Research Methods and Design in Exercise Science
- HNES 370 – Exercise and Disease

**Clinical Exercise Physiology, Ball State University, June 2012 – July 2013**

- EXSC 301 – Fundamentals of Exercise Prescription
- EXSC 402 – Advanced Fitness Assessment
- EXSC 622 – Foundations of Adult Physical Fitness
- EXSC 639 – Seminar in Cardiac and Pulmonary Rehabilitation
- EXSC 623 – Principles of Exercise Testing and Interpretation
- EXSC 640 – Exercise in Prevention and Rehabilitation of Chronic Disease
- EXSC 611 – Research Design and Methods in Exercise Science
- EXSC 633 – Seminar in Exercise Science
- EXSC 698 – Internship in Exercise Program

**Arnold School of Public Health, Exercise Science,  
University of South Carolina, August 2007 – December 2007**

- EXSC 191-Physical Activity & Health – Assistant lecturer

**School of Education, Physical Education, Kyungpook  
National University, March 2004 – December 2005**

- PE 301 - Exercise, Nutrition, and Health

**School of Education, Physical Education, Kyungpook  
National University, March 2003 –December 2005**

- Ski and Tennis - Instructor

---

**RESEARCH GRANT SUPPORTS**

---

**In Progress**

NIH R21

Title: Calibration of Parent-report Physical Activity Questionnaire for Preschoolers

NIH R01

Title: Characteristics of Physical Activity in Transgender Youth  
Funding source: NIH

**Under Review**

Research Grants Council (RGC) General Research Fund (GRF)  
2023/2024

Title: Replacement of sedentary time by physical activity, genetic susceptibility, and cardiometabolic risk profiles in children and adolescents of European and East Asian ancestries: Integrated use of two ethnic-specific birth cohorts.

Funding source: Research Grants Council, Hong Kong Special Administrative Region (HKSAR)

Amount: HK\$672,205.00

Funding period: July 1, 2023 – June 30, 2025

Role: Co-I (PI: Youngwon Kim, Co-Is: Katrien Wijndaele, Kate Northstone, Shiu Lun Ryan Au Yeung, Yijan Yang, Wonwoo Byun and Mr. Stephen Sharp)

**Funded**

Research Grants Council (RGC) General Research Fund (GRF)  
2024/2025 (Reference number: 17605524)

Title: Improving cardiometabolic profiles through reduced sedentary time and increased physical activity in children and adolescents: Integrated use of extensive genotype and wearable device data

Funding Source: Research Grants Council (RGC), Hong Kong Special Administrative Region

Funding mechanism: General Research Fund (GRF)

Amount: HK\$672,205.00 (US\$85,942.00)  
Funding period: 2024– 2026  
Role: Co-I (PI: Youngwon Kim)

NIH R37

Title: Using Momentary Measures to Understand Physical Activity Adoption and Maintenance among Pacific Islanders in the United States  
Funding source: NIH  
Amount: \$3,865,926  
Funding period: 2023 – 2028  
Role: Co-I (PI: Neng Wan)

University of Utah College of Health Research Pilot Grant

Title: Technology-enhanced Eating and Activity study for Children's Health (TEACH): A Pilot Study  
Funding source: College of Health, University of Utah  
Amount: \$22,500  
Funding period: 2020-2022  
Role: Co-I (PI: Yang Bai)

American Cancer Society - Huntsman Cancer Institute Research Grant

Title: Piloting a Mobile-health System for Understanding Physical Activity Behaviors of a High Cancer-risk Population Group  
Funding source: American Cancer Society via Huntsman Cancer Institute  
Amount: \$30,000  
Funding period: 2019 - 2020  
Role: Co-PI (Co-PI: Neng Wan)

University of Utah College of Health Research Pilot Grant

Title: Validity of Wearable Activity Monitors in Children  
Funding source: College of Health, University of Utah  
Amount: \$10,000  
Funding period: 2018  
Role: PI (Co-I: Youngwon Kim)

North Dakota Beef Commission Research Grant

Title: The influence of animal-based protein and beef consumption on ability to perform functional activities, muscle quality, and bone mineral density among adolescent to older females  
Funding source: National Cattlemen's Beef Association  
Amount: \$208,421

Funding period: 2017 – 2020  
Role: Co-PI (Co-PI: Sherri Stastny, Kyle Hackney)

Minnesota Beef Council Research Grant  
Title: Beef Protein Intake, Physical Activity, and Muscle Quality in Middle Aged-Men  
Funding source: Minnesota Beef Council  
Amount: \$38,827  
Funding period: 2017 – 2019  
Role: Co-PI (Co-PI: Sherri Stastny, Kyle Hackney)

National Cattlemen's Beef Association Research Grant  
Title: Beef Protein Intake, Physical Activity, and Muscle Quality in Middle Age-Women  
Funding source: National Cattlemen's Beef Association  
Amount: \$38,786  
Funding period: 2017 – 2019  
Role: Co-PI (Co-PI: Sherri Stastny, Kyle Hackney)

Dakota Medical Foundation Breakthrough Idea Challenge  
Title: Impact of SchoolsAlive! Program on Physical Activity Levels and Perspectives of Elementary School Children  
Funding source: Dakota Medical Foundation  
Amount: \$70,520  
Funding period: 2016 – 2017  
Role: Co-I (PI: Jenny Linker)

Sanford Health – NDSU Collaborative Research Grant Program  
Title: Dietary Protein Intake and Muscular Health with Aging: Assessing Effect Modification by Increased Physical Activity  
Funding source: Sanford Health  
Amount: \$76,270  
Funding period: 2016 – 2017  
Role: Co-I (PI: Kyle Hackney)

NDSU- College of Human Development and Education Research Support  
Title: Validation of Wearable Device in Young Children  
Funding source: College of Human Development and Education, North Dakota State University  
Amount: \$3,000  
Funding period: 2015 – 2016  
Role: PI

NDSU College of Human Development and Education Grant

Title: Involving Undergraduate Students in Research:  
Intervention to Promote Physical Activity in Childcare Centers  
Funding source: College of Human Development and  
Education, North Dakota State University  
Amount: \$1,000  
Funding period: 2015 – 2016  
Role: PI

Sanford Health – NDSU Collaborative Research Grant Program  
Title: Protein Intake and Muscular Health with Aging  
Funding source: Sanford Health  
Amount: \$81,270  
Funding period: 2015 – 2016  
Role: Co-I (PI: Kyle Hackney)

NDSU College of Human Development and Education Grant  
Title: Involving Undergraduate Students in Research: Research  
of Physical Activity in Elementary School Children  
Funding source: College of Human Development and  
Education, North Dakota State University  
Amount: \$1,000  
Funding period: 2014 – 2015  
Role: PI

Funding source: American Montessori Society Research Grant  
Title: Objectively Measured Sedentary Behavior: A  
Comparison Between Traditional and Montessori Preschools  
Amount: \$2,500  
Funding period: 2012  
Role: PI

Not Funded

Psychosocial Research Grants  
Title: Understanding the Psychosocial and Fitness Indicators of  
Adaptive Spinning  
Funding source: Craig H. Neilsen Foundation  
Amount: \$335,059  
Funding period: 2022 – 2024  
Role: Co-I (PI: Melissa Zahl)

NIH R21  
Title: Wearable Device-based Physical Activity Intervention in  
Preschool Children  
Funding period: 2022 – 2024  
Role: PI (Co-I: Tim Brusseau, Ryan Burns, Russell Pate)

NIH R21

Title: Technology-based Physical Activity Intervention for Improving Mental Health Dimensions in Older Adults  
Funding period: 2022 – 2024  
Role: PI (Co-I: Joseph Kim, Kristina Purganan)

NIH R21  
Physical Activity Intervention for Improving Mental Health in Transgender Youth  
Funding source: NIH  
Amount: \$274,997  
Funding period: 2021 - 2023  
Role: PI (Co-I: Nicole Mihalopoulos, Joseph Kim, Scott Langenecker, Xiaoming Sheng)

U of U CTSI Translational and Clinical Studies Pilot Program  
Physical Activity Intervention for Hormone Therapy Receiving Transgender Youth (submitted LOI)  
Funding source: NIH/NCATS  
Amount: \$30,000  
Funding period: 2022 – 2023  
Role: PI (Co-I: Nicole Mihalopoulos)

University of Utah Center on Aging Pilot Grant Program  
Title: Physical Activity Intervention for Preventing Late-life Depression and Anxiety in Older Adults  
Funding source: Center on Aging, University of Utah  
Amount: \$24,678  
Funding period: 2021-2022  
Role: PI (Co-I: Joseph Kim, Kristina Purganan)

Health and Medical Research Fund (HMRF) 2019 Investigator-initiated Project  
Title: Examination of wearable devices as activity-monitoring tools in Hong Kong adolescents  
Funding source: Food and Health Bureau, Hong Kong Special  
Amount: HK\$918,328 (US\$118,488)  
Funding period: July 1st, 2021 – June 30th, 2024  
Role: Co-I (PI: Youngwon Kim)

University of Utah College of Health Research Pilot Grant  
Title: Feasibility of Using Energy Harvesting Nanofiber Patches in Self-charging Wearable Accelerometers for Measuring Physical Activity  
Funding source: College of Health, University of Utah  
Amount: \$26,724  
Funding period: 2021 – 2022

Role: PI (Co-I: Jiyoung Chang)

NIH R01

Title: Testing the effect of Comprehensive School Physical Activity Programming and Active Gaming in rural Utah schools

Funding source: NIH

Amount: \$1,271,999

Funding period: 2020 - 2025

Role: Co-I (PI: Ryan Burns)

NIH R21

Title: Technology-Based, Real-time Monitoring-Mediated Physical Activity Intervention in Child Care Centers

Funding source: NIH

Amount: \$274,997

Funding period: 2020 - 2022

Role: PI (Co-I: Tim Brusseau, Ryan Burns, Erica Lau, Tom Greene, Russell Pate)

NIH R21

Title: Development of SOGAME: System for Observing Gaming Active Movement and Exercise

Funding source: NIH

Amount: \$263,889

Funding period: 2020 - 2022

Role: Co-I (PI: Ryan Burns)

NIH R21

Title: Developing a Multicomponent Physical Activity Program with Family Engagement in Low-Income Schools

Funding source: NIH

Amount: \$275,000

Funding period: 2020 - 2022

Role: Co-I (PI: Ryan Burns)

ACSM Paffenbarger-Blair Fund for Epidemiological Research on Physical Activity (\$10,000)

Title: Does an Aerobic Exercise Intervention Plus Step Count Elicit Greater Weight Loss than Aerobic Exercise Alone?

Funding Source: American College of Sports Medicine

Amount: \$10,000

Funding Period: 2019 – 2020

Role: Co-I (PI: Tanya Halliday)

University of Utah College of Health Research Pilot Grant

Title: Step Count to Resist Exercise-induced Compensation and Improve Weight Loss

Funding Source: College of Health, University of Utah

Amount: \$17,500

Funding Period: 2019 – 2020

Role: Co-I (PI: Tanya Halliday)

NIH/Utah CCTS KL2 Mentored Career Development Scholar  
Title: Promoting Physical Activity Using Technology-Based Teacher- Monitoring Program in Children Attending Childcare Centers

Funding Source: NIH/University of Utah CCTS

Amount: \$225,000

Funding Period: 2018 – 2020

Role: PI

RWJF Policies for Action: Policy and Law Research to Build a Culture of Health

Title: Effects of Physical Activity and Nutrition Policy for Childcare

Funding Source: Robert Wood Johnson Foundation

Amount: \$25,000

Funding Period: 2017 – 2018

Role: Co-PI (Co-PI: Abby Gold)

NDSU Research and Discovery Grand Challenge Initiative  
Title: Health populations and vital community - Center on Aging

Funding Source: North Dakota State University Center on Aging

Amount: \$935,500

Funding Period: 2016 – 2020

Role: Co-I (PI: Gregory Sanders)

ACSM Paffenbarger–Blair Fund for Epidemiological Research on Physical Activity

Compliance to New Physical Activity Ordinance in Childcare Centers

Funding Source: American College of Sports Medicine

Amount: \$10,000

Funding Period: 2015 – 2016

Role: Student Advisor, (PI: Stefanie Meyer)

Sanford Health – NDSU Collaborative Research Grant Program

Title: Calibration of Wearable Physical Activity Monitors in Children and Youth

Funding Source: Sanford Health  
Amount: \$78,362  
Funding Period: 2016 – 2018  
Role: PI

Minnesota Beef Council  
Title: Beef Protein Intake, Physical Activity, and Muscle  
Quality in Older Women  
Funding Source: Minnesota Beef Council  
Amount: \$40,378  
Funding Period: 2015 – 2017  
Role: co-PI (co-PI: Kyle Hackney, Sherri Statsney)

Ceny Walker Graduate Research Fellowship  
Title: Cross-cultural Comparisons: The Levels of Physical  
Activity and Sedentary Behavior in Children  
Amount: \$3,000  
Funding Period: 2011 – 2012  
Role: PI

**EDITOR FOR JOURNALS**

**Lead Guest Editor**

1. BioMed Research International (formerly Journal of Biomedicine and Biotechnology)
  - Epidemiology Special Issue: Epidemiological Research in Physical Activity and Sedentary Behaviors, 2018 - 2019
2. International Journal of Environmental Research and Public Health, 2020 - 2021
  - Special Issue: [Wearable Technology-Based Physical Activity Measurement and Intervention](#)

3. International Journal of Environmental Research and Public Health 2021 - 2023
  - Special Issue: [Health Behavior Clustering and Mental Health Outcomes in Children, Adolescents, and Young Adults](#)
4. International Journal of Environmental Research and Public Health 2023 - present
  - Special Issue: Health Behavior Clustering and Mental Health Outcomes in Children, Adolescents, and Young Adults 2<sup>nd</sup> edition.

**Editorial Board Member**

1. BioMed Research International (under review)
2. Frontiers in Sports and Active Living – Prevention and Management of Disease
3. Sensors

**UNIVERSITY/DEPARTMENT SERVICE**

---

**MPH - CEPH Accreditation Committee**

College of Health Professions, Department of Public Health, North Dakota State University, Fall 2013 – 2017

**Faculty Search Committee**

Physical Activity and Wellbeing faculty search in Health and Kinesiology, University of Utah, 2017 – 2019

Epidemiology faculty search in Department of Public Health, North Dakota State University, Spring 2015

**Other Committees/Services**

Executive Committee, Korean-American Scientists and Engineers Association-Utah, 2021 - present

HK Laboratory and Equipment Committee, University of Utah, 2019 – present

Physical Activity and Wellbeing Journal Club Chair, University of Utah, 2019 – present

HK Seminar Series Committee, University of Utah, 2018 - present

Bench to Bedside Student Innovation Competition Judge, University of Utah Health Center for Medical Innovation, April 2018

HK Graduate Research Core Curriculum Committee, University of Utah, 2017 - 2018

Health Promotion Track Workgroup, Department of Public Health, North Dakota State University, Fall 2013 – 2017

Exercise Science Workgroup, Health, Nutrition, and Exercise Science, North Dakota State University, Fall 2013 – 2017

Community Engagement

Delivered interactive presentation entitled “Health Benefits of Physical Activity” to 4<sup>th</sup> and 6<sup>th</sup> graders at Washington Elementary school

## **ADVISING**

---

PhD. Project Committee

Health and Kinesiology, University of Utah, 2017 – present

- Project title: Association of aerobic fitness indicators and intra-abdominal pressure in healthy adult women (Advisee: Ali Wolpern)
- Project title: Perceptions of barriers and facilitators of active commuting to school: A parent-child analysis (Advisee: Christopher Pfladderer)
- Project title: Validity of MotionSense HRV in estimating sedentary behavior and physical activity during free-living and simulated activity settings (Advisee: Sunku Kwon)

PhD. Dissertation Committee

Health and Kinesiology, University of Utah, 2017 – present

- Dissertation title: TBD (Advisee: Sunku Kwon, chair)
- Dissertation title: Connections of physical activity, sedentary behavior, and intra-abdominal pressure within women’s health (Advisee: Ali Wolpern)
- Dissertation title: School-based physical activity programs in rural communities (Advisee: Christopher Pfladderer)

Health, Nutrition, and Exercise Science, North Dakota State University, Fall 2014 – 2017

- Project title: Evaluation of Physical Activity Policy Implementation in Childcare Centers (Advisee: Michelle Strang)
- Project title: Effects of Adjustable Sit-Stand Desk on Academic Performance of College Students (Advisee: Jeremy Frost)
- Project title: Effects of Community-based Exercise Program on Quality of Life in Cancer Survivors (Advisee: Sarah Hilgers-Greterman)

M.S. Thesis Committee

Health, Nutrition, and Exercise Science, North Dakota State University, January 2014 – 2016

- Project title: Validation of the Fitbit Physical Activity Monitors in Adults (Advisee: Nicklaus Redenius)

Statistics, North Dakota State University, Spring 2015 - 2016

- Project title: D-Optimal Design for The 5PL-1P Model in Chemical Toxicity Assessment (Advisee: Jenna MacDonald)
- Project title: Optimal Designs for Model Discrimination and Parameter Estimation under A Probit Model with a Quadratic Term (Advisee: Andrew Lexvold)

Clinical Exercise Physiology, Ball State University, August 2012 – July 2013

- Project title: DXA Reference Standards For Percent Body Fat And Lean Body Mass- Clinical Exercise Physiology Program Database (Advisee: Nathan Wagner)
- Project title: Development Of A Reference Standard For Cardiorespiratory Fitness From The Ball State University Adult Physical Fitness Program Cohort (Advisee: Angela Kaufmann)
- Project title: Bariatric Surgery Physical Activity Intervention (Advisee: Megan Johnson)

B.S. Honors Thesis Committee

Health and Kinesiology, University of Utah, 2018

- Project title: Validation of the Fitbit Physical Activity Monitors in Children (Advisee: Andrew Sorensen)

Research Grant/Fellowship Advisor

Bronson Fellowship via HK, Health and Kinesiology, University of Utah, 2021 – 2022

- Advisee: Sunku Kwon, Funded for 2021 - 2022

University of Utah Graduate Research Fellowship, Jan 2021

- Project title: Validity of Activity Monitors Designed for Children and Youth (Advisee: Sunku Kwon, Not funded)

ACSM Paffenbarger – Blair Fund for Epidemiological Research on Physical Activity, Dec 2014

- Project title: Compliance Measurement of New Physical Activity Ordinance in Childcare Centers (Advisee: Stefanie Meyer, Not funded)

Ball State University ASPiRE Student Research Grant, October 2012

- Project title: Physical Activity Changes in Peripheral Artery Disease Patients before and after Treatment (Advisees: Lisa Gunderson, Funded)

Undergraduate Research Advisor

Health and Kinesiology, University of Utah, 2017 – present

- Recruit and supervise undergraduate research assistants in research projects (Advisees: Andrew Sorensen, Jefferson Brewer, Brandon Brown, Jason Dude, Nick Knight)

Health, Nutrition, and Exercise Science, North Dakota State University, 2014 - 2017

- Recruit and supervise undergraduate research assistants in research projects (Advisees: Kallie Schmit, Sean Mahony, Kori Gunlikson, Bradley Conant, Kyla Schmidt, Jade Storley)

---

## INVITED PRESENTATIONS AND LECTURES

---

Korean-American Scientists and Engineers Association – Utah Seminar Series

- Physical Activities and Public Health

Behavioral Research Grant Brainstorming Group, Huntsman Cancer Institute, University of Utah

- Physical Activity Intervention in Preschool Children

Department of Physical Education, Kyoungpook National University

- Exercise and Health

Department of Exercise Science, University of South Carolina

- Special Seminar Series – Sedentary Behavior in Children and Youth
- EXSC 787 - Research Method & Design

Department of Health, Nutrition, and Exercise Science, North Dakota State University

- HNES 170 – Intro to Exercise Science
- HNES 790 – Seminar Introduction to HNES
- HNES Research Colloquium – Sedentary Behavior: How to measure and change it?

Department of Public Health, North Dakota State University

- MPH 751 – Epidemiology
- PH 101 – Public Health 101

2014 North Dakota Academy of Nutrition & Dietetics/North Dakota Nutrition Council Spring Conference (Title: Sedentary Lifestyle & Risks to Health)

---

## MEDIA APPEARANCES

---

Solicited article

- 
- Fitness Tracker Supports Healthy Childhood Behavior (published on University of Utah Health Newsroom - <http://uofuhealth.utah.edu/newsroom/news/2018/07/dd-fitbit-brusseau.php>, July 2018)
  - Reducing Sedentary Behavior is a Key for Obesity Prevention in Children (published on North Dakota Compass – Ask a Researcher section (<http://www.ndcompass.org/>), May 2015)

---

## **PROFESSIONAL ASSOCIATIONS**

---

- International Society of Behavioral Nutrition and Physical Activity, Member since 2018
- American Heart Association, Member since 2013
- American College of Sports Medicine, Member since 2005
- American Public Health Association, Member since 2014
- North Dakota Public Health Association, Member since 2014
- Indiana Public Health Association, Member 2005 to 2007
- American Montessori Society, Member 2012
- Korean Society of Exercise Nutrition, Member 2002 to 2005

---

## **SERVICE**

---

Military Service                      Republic of Korea Air Force, December 1997 - June 2000

- Instructor for the department of Air Defense Missile

---

## **COACHING EXPERIENCE**

---

Soccer Coach                              Hyo-Myung elementary school and Kyoung-Bok middle school, July 2000 – May 2005

- Junior soccer team coach

Ski Instructor                              Kyoungpook National University, Dec 2000 – Dec 2002

- The instructor of university ski program

---

## **PROFESSIONAL LICENSURE AND CERTIFICATIONS**

---

Judo    License of Judo 1<sup>st</sup>Dan (Black belt), Korea Judo Association, Nov 2001

Tae Kwon Do                                  License of TaeKwonDo 2<sup>nd</sup>Dan (Black belt), World Tae Kwon Do Headquarters, Sep 2002

Lifeguard                                        License of Lifeguard for Water Safety, Red Cross Korea, July 1997

Healthcare Provider                          CPR and AED certification, American Heart Association, August 2012
