PROFESSIONAL EXPERIENCE

- 2020-present **Dean, Louis H. Peery Presidential Endowed Chair, and Professor**
University of Utah, College of Nursing
Salt Lake City, UT

Provide strategic vision and operational leadership for all aspects of academic and scholarly programs, creating an environment and community that support the College's faculty, staff, and students. Provide leadership to ensure that the College provides high-quality academic programs that best serve students locally, regionally, and nationally through innovative educational delivery strategies, including in-person, and synchronous and asynchronous distance delivery. Support the University's research mission, and advance the scholarly activities of the faculty, including opportunities for interdisciplinary and interprofessional collaboration. Set the standard for intellectual engagement and accomplishment for the College. Serve as the College's public voice, promoting initiatives across Utah and the region, articulating the College's contributions

in local, state, regional, national, and international arenas of nursing, health care, and health policy. Work collaboratively with the President, Provost, Vice Presidents, Deans, and other University leaders.

2017-2020 **Chair of the Division of Acute and Chronic Care; Professor**
University of Utah, College of Nursing
Salt Lake City, UT

Represented division faculty on the College's Academic Leadership Team. Coordinated onboarding of new faculty, and developed and led college-wide faculty development programs and mentoring initiatives. Coordinated faculty assignments with faculty, administrators, and academic leaders. Evaluated tenure-line, career-line, and paid adjunct faculty. Collaborated with the Assistant Dean of Finance and Administration and the Dean regarding annual faculty contracts and faculty workload distribution. Managed faculty conflict of commitment and business relations reporting processes. Provide oversight for the Office of Faculty Affairs for activities delegated by the Dean, served on search committees, and coordinated hiring of adjunct faculty to fill teaching needs. Addressed concerns of division members, and communicated college and university level information to division faculty. Managed resources allocated to the division, including staff, travel funding, and professional development funds. Assigned faculty office space and oversaw common areas in coordination with the Assistant Dean of Finance and Administration. Conducted research and led scholarly activities, taught nursing courses, and represented the College of Nursing within Health Sciences and the University of Utah.

2016-2017 **Associate Dean for Research, Director of the Faye Glenn Abdellah Center for Military and Federal Health Research, and Professor**

2015-2016 **Interim Associate Dean for Research, Director of the Faye Glenn Abdellah Center for Military and Federal Health Research, and Professor**
Daniel K. Inouye Graduate School of Nursing
Uniformed Services University of the Health Sciences (USU)
Bethesda, Maryland

Led the Daniel K. Inouye Graduate School of Nursing (GSN) research mission, provided visionary and strategic direction for the conduct of high quality research and scholarly activities, and stimulated and facilitated funding and implementation of faculty research that aligned with research priorities of the military and federal health care systems. Served as liaison among the Dean, GSN and the USU Vice President for Research. Participated in accreditation activities for Doctor of Nursing Practice (DNP) programs (Nurse Anesthesia, Family Nurse Practitioner, Women's Health Nurse Practitioner, and Psychiatric-Mental Health Nurse Practitioner). Helped GSN Program Directors manage their faculty members' research trajectories. Taught PhD courses and mentored PhD students. Conducted research to produce new knowledge. Contributed to the GSN through personal scholarship and academic growth.

2014-2017 **Senior Air Force Advisor to Dean**
Daniel K. Inouye Graduate School of Nursing
Uniformed Services University of the Health Sciences
Bethesda, Maryland

Served as academic lead for 5 Departments, 150 faculty, and 40 Academic Affairs, Registrar, Faculty Development, and Distance Learning personnel. Established student training policies, executed the faculty development and instructor evaluation programs, oversaw institutional accreditation for physician Graduate Medical Education programs in Aerospace Medicine and Aerospace Medicine-Family Practice Medicine, and administered the student evaluation program. Managed Community College of the Air Force operations for 17 courses, adhering to requirements for affiliate schools and maintaining full accreditation. Created an academic environment conducive to learning and convened and directed the Academic Review Board. Oversaw the Franzello Aeromedical Library, which houses the largest collection of aerospace medicine reference materials in the world. Served as Chief Nurse for 35 nurses assigned to the 711th Human Performance Wing.

2009-2011 **Executive Director, TriService Nursing Research Program (TSNRP)**
Uniformed Services University of the Health Sciences
Bethesda, Maryland

Directed Department of Defense (DoD) TriService (Army, Navy, and Air Force) research program to inform clinical nursing practice, education, policy, and healthcare systems. Responsible for the long-term program planning of the TSNRP as well as day-to-day operational management. Executed \$6M annual budget. Administered \$1.1M support contracts and sponsored \$300K research training each year. Disseminated program announcements and arranged for scientific peer, programmatic, and Executive Board of Director review of all submitted proposals. Monitored the progress of all funded studies and projects and made decisions regarding how nurse researchers conducted studies. Communicated with grantee organizations, and ensured that investigators complied with the terms and conditions of grant agreements as well as federal and DoD regulations and guidelines for ethical conduct of research. Provided resources to nurse clinicians, nurse researchers, and policymakers in support of military nursing research. Stimulated new areas of inquiry through education, consulting, resource allocation, partnerships, collaboration with other nursing research organizations, and global networking.

2008-2009 **Air Force Program Coordinator, Department of Defense Blast Injury
Research Program Coordinating Office**
U.S. Army Medical Research and Materiel Command
Fort Detrick, Maryland

On behalf of the Air Force Surgeon General, served on a joint team to coordinate and manage the DoD Medical Research Program for the Prevention, Mitigation, and Treatment of Blast Injuries. Coordinated more than 300 DoD medical research studies worth \$710M. Advised the Executive Agent, commanders, DoD Surgeons General, Department of Veterans Affairs, federal agencies, and materiel developers about blast research priorities. Assessed the results of blast injury research across the DoD, academia, and industry to prioritize programming and budgeting. Determined Air Force blast injury research funding requirements within context of Joint-Service identified knowledge gaps. Associate investigator for a prospective, randomized, controlled multicenter trial regarding hyperbaric oxygen for traumatic brain injury.

2006-2007 **Program Manager, Joint Theater Trauma System**
Camp Victory, Baghdad, Iraq

Administered U.S. Central Command's Joint Theater Trauma System (JTTS) at 13 disparate sites in support of OPERATION IRAQI FREEDOM and OPERATION ENDURING FREEDOM. Managed five trauma nurse coordinators and one administrative technician who were deployed in five locations. Populated the Joint Theater Trauma Registry (JTTR) with data for 9,000 combat casualties, spearheaded introduction of the electronic JTTR into theater, performed 16 staff assistance visits to combatant commanders and clinicians to improve care processes and secure support for new trauma initiatives, implemented 10 clinical practice guidelines to standardize care, wrote intratheater air transport policy, overhauled the Afghanistan trauma registry, infused JTTS priorities into a NATO-operated hospital, and developed functional requirements for healthcare information specialists.

2005-2008 **Executive Director of Research**
Wilford Hall Medical Center
Lackland Air Force Base, Texas

Directed all aspects of the Air Force Medical Service's largest clinical research program. Collaborated with the Chief Nurse Executive to plan, implement, and evaluate research. As support branch chief, supervised 22 personnel and oversaw the Institutional Review Board and Institutional Animal Use and Care Committee operations. Reviewed all Medical Wing research protocols to coordinate nursing support. Developed staff expertise in research methodologies and mentored nursing staff. Collaborated with clinicians to incorporate research into practice. Assured that research protocols complied with Federal, DoD, and Air Force regulations. Served as Principal Investigator and Associate Investigator for funded research. Consulted with Air Force graduate nursing students and other staff to develop and conduct research. Consulted on Air Force wide nursing research. Collaborated with nursing researchers at other military facilities, universities, and agencies.
